Professional Summary

Motivated Diploma in Computer Engineering with hands-on experience in Python, Django, Data Analytics, and Web Development. Skilled in building scalable applications, database management, and delivering data-driven insights. Eager to leverage technical expertise in object-oriented programming and AI-powered solutions to contribute effectively to innovative software development.

Technical Skills

- Programming Python, Java (Fundamentals), C++ (Fundamentals), SQL
- Web & Backend Django, REST APIs, Web Development
- Data & AI Pandas, NumPy, Matplotlib, Machine Learning, Generative AI, OpenCV
- Tools & DBs MySQL, SQLite, Git, GitHub, Cursor, GitHub Copilot

Experience

- Sep 2025–Dec 2025 **Django Intern (Remote), Perpex**
- Volunteered as a Django Intern, contributing to real-world projects and improving backend development skills.
 - Supported the team through structured learning and daily tasks focused on robust application design.
- July 2025 **Data Analytics Intern, Livetech India**
- Collected, cleaned, and organized datasets, performing preprocessing to handle missing values.
 - Utilized **Python, Pandas, Excel, and SQL** to analyze trends and generate comprehensive reports.
 - Created data visualizations using **Matplotlib** to support decision-making.

Projects

RedKnot (AI-Based Vacation Planner)

- Developed a web application leveraging AI to assist users in planning vacations and generating itineraries.

Student Data Management

- Built a data analysis system using **Pandas** and **NumPy** to manage and evaluate student records.

Other Projects **IceCream Store Web App | Image Annotation (OpenCV)**

Education

- 2023–2026 **Diploma in Computer Engineering, Dr. Babasaheb Ambedkar Technological University, Lonere, MH**
- 2023 **Higher Secondary Certificate (HSC), Sou Vimlabai Garware College, Pune, MH**

Certifications

- Data Analytics using Python (LIVETECH INDIA):** Data cleaning, preprocessing, and visualization.
- Python Programming (GUVI):** Hands-on experience with Python basics, data types, and problem-solving.
- ChatGPT for Everyone (GUVI):** AI-assisted productivity, prompt writing, and automation.
- Deloitte Data Analytics Job Simulation (Forage):** Practical simulation of corporate data analytics tasks.
